

BSSPD Liverpool 2018 Taster

The 2018 British society of Prosthodontics (BSSPD) Annual Conference will take place in Liverpool on March 15th and 16th. The venue for the meeting is the magnificent Grade I listed St George's Hall, one of the finest neo-classical buildings in the world. St Georges Hall is located in the centre of Liverpool, directly opposite Lime Street railway station. The Theme of the conference is Contemporary Practice and is divided into two distinct days that will allow attendees the opportunity to hear from experts in their field.

The first day will be devoted to the contemporary management of patients with cleft lip and palate and will feature an array of speakers who will share their expertise in managing the clinical journey of patients from start to finish.

The second day will feature presentations from experts who will update us on a range of clinical specialties including periodontics, endodontics, removable and fixed prosthodontics, and tooth wear. This is sure to be very valuable and will offer attendees the opportunity to come right up to date with aspects of dentistry that impinge on everyday clinical practice.

Cutting across the clinical presentations will be an opportunity to bring attendees up to date with current research through poster and oral presentations.

Overall it is set to be an event not to be missed.

The venue is easily accessible by road, rail and also air for those travelling from further afield. Liverpool itself is a city of diverse culture, heritage and people that offers visitors unique attractions, unrivalled musical heritage and a warm welcome. It has the largest collection of museums and galleries anywhere outside the capital. With its fantastic range of shops, bars and eateries it is sure to satisfy the needs of most visitors. Accommodation is available at a range of prices all within reasonable walking distance of St George's Hall, in the heart of the city.

I look forward to welcoming you all to Liverpool in 2018.
